

## NCHSAA Foundation | Year-End School Distribution Evaluation

Part of the stipulation for accepting year-end distribution funds through the NCHSAA Foundation, Inc. for the 2023-2024 school is that an evaluation form must be completed to share with the Board of Trustees how the funds were used within your athletics department.

Please provide this evaluation report including how funds were used, the number of student-athletes and/or athletic teams impacted, and the benefits these funds afforded your school. The athletic director will be responsible for completing this evaluation form within six (6) months from receipt of funds.

Please answer the following questions in detail and submit to Karen DeHart ([kdehart@nchsaafoundation.org](mailto:kdehart@nchsaafoundation.org)) by **March 31, 2025**. If use of funds is still ongoing at that time, please submit the form and indicate such.
